AUSTRALIAN MUTUAL PROVIDENT SOCIETY,
353, Pitt-street, formerly Gill's Hotel,
TRUSTEES:—
Gilbert Elliott, Esq.
W. H. Kerr, Esq.
T. S. Mort, Esq.
Thomas Holt, jun., Esq., Chairman.
M. E. Murnin, Esq., Deputy Chairman.
F. Ebsworth, Esq. John Fairfax, Esq.
W. H. Christie, Esq. Arthur Savage, Esq.
Most of the Clerks of Petty Sessions in the Country Towns are appointed Agents.

The business of this Company is threefold:—
First—Life Insurance on single lives, joint lives, and first of two lives.
Second—Immediate, Deferred, and Reversionary Annuities.
Third—Endowments for Children

INSURANCE BRANCH.
The payment of a small Annual Subscription will enable a person to provide for his father after his death; or a person interested in the life of another, may provide against loss arising from his death, for example:—Partners in business, who may apprehend the withdrawal of a portion of their capital on the death of either, may provide against the same by jointly insuring their lives. Policies may be effected on the lives of husband and wife, payable to the survivor on the death of either. Policies of Insurance are valuable as collateral security for loans. This Company will lend money on security of the Policies issued from this Office.

ANNUITY BRANCH.
Immediate Annuities to any amount may be purchased at this Office, on reasonable terms; and Deferred Annuities, or Annuities payable in old age, may be purchased by small contributions, payable quarterly, half-yearly, or yearly. The comfort and independence enjoyed by annuitants cannot fail to render these Annuities very desirable to those who wish to provide for the future, out of a superabundance of the present; and as the Deferred Annuities are protected from process of Law and Insolvency by the Act of Council, 14 Victoria, No. 11, they have all the advantages of Government Pensions. Reversionary Annuities, or Annuities commencing on the death of one person, and payable during the life of another, are well adapted for providing for Widows, &c. These may be purchased by small quarterly payments.

ENDOWMENT BRANCH.
Endowments, or sums payable at the ages of 14, 20, and 21, are purchased by small payments, and are eminently calculated to confer great benefits on the parties entitled to receive them, for they are payable at that critical age, when the start in life begins, which must influence the whole future career.
Females, whether married or single, are eligible for any of the above branches.
The Profits are divided among the Members every five years.
Forms of Proposal, and all needful information, may be obtained at the Offices of the Society, from 10 till 4 daily.
WILLIAM PERRY,
5801 Secretary.

PRODUCTIONS, INDUSTRY, AND RESOURCES OF NEW SOUTH WALES.

A SERIES of papers on the above subjects will be published in the *Sydney Morning Herald*, and, when complete, will be reprinted for general circulation.

HOLLOWAY'S PILLS AND OINTMENT.

THE Wholesale Agent for the sale of the above Medicines begs to call the attention of the public to the following case of cure of a malady to which the inhabitants of this colony seem peculiarly liable, namely—the loss of their fingers from poisonous wounds:—
To Mr. S. Emanuel, Agent for Holloway's Pills and Ointment, Goulburn.
Sir,—I beg to inform you, for the benefit of the public, of the following cure effected on me by the use of the above Pills and Ointment. I was killing a pig and was bit in the finger, and was very bad, and under four doctors, who wanted to cut my hand off; and when I would not consent, I could get no cure. I was advised to use Holloway's Pills and Ointment, and I am happy to say, after using them for one month, I am entirely cured.
CHARLES HUGGINS.
Nadgengomar Creek, near Braidwood,
March 27.

CAUTION!—None are Genuine unless the words "Holloway's Pills and Ointment, London," are engraved on the Government Stamp, pasted on every Pot and Box, with the same words woven in the water mark of the books of direction wrapped round the medicines.
Should unprincipled venders recommend parties asking for Holloway's Pills and Ointment not to buy them, but to take something else in their stead, they do so only for the purpose of getting a greater profit by what they wish them to purchase.

WATER POLICE OFFICE. Friday being the officially appointed morning for hearing the cases of the orphan girls and their mistresses, this office was yesterday occupied for several hours with the proceedings consequent upon the usual amount of summonses. Each case, the merits of which ought to have been discussed and disposed of by the Emigration Agent, was argued *in extenso*, to the amusement of the sailors who crowded the Court. One case of desertion was the only charge connected with the shipping department which has appeared upon the list since the salutary lesson given last week to the whole ship's company of the Emperor. Charles Wheeler, a seaman belonging to the Oriental, now lying at Newcastle, was charged by Captain Hyde with desertion. The case was fully proved, and the defendant had no defence to offer, except that he had not signed articles with Capt. Hyde, who had only succeeded to the command through the death of the master, and in whom he had no confidence. In reply to questions put by the Bench, the defendant owned that he had no specific charge or complaint to make against Captain Hyde; and Mr. Brenan having pointed out to him the consequences of his conduct, to which defendant replied, by declaring his determination not to go aboard again; sentenced him to twenty-one days' hard labour in Darlinghurst Gaol; signifying, that the full sentence under the old Act, viz., thirty days, would have been passed, had the defendant not been in custody for fourteen days. In consequence of Mr. Inspector Thompson having declined to take the oath required under the new Police Act, and which binds each member of the force to serve for three months from the date of taking the said oath, Mr. W. Winter Birrell, one of the most active officers of the Water Police, has been appointed Inspector in his place.

To show how prodigiously the charge for the survey, sale, and management of Crown Lands has increased, we subjoin a statement of the amounts in the last year of Sir GEORGE GIPPS' administration, and in each year under that of his successor.

	Charge.	*Increase on* 1845.	*Per Cent.*

1849	35,328	26,369	264·7
1850	46,294	36,335	364·8

That is to say, the charge in 1850 was nearly five times greater than in 1845!

In closing our observations on the Crown Revenue, we must repeat the complaint so often urged before, that here is a public income of more than a quarter of a million per annum, over which the Local Legislature has no manner of control.

We have now to look into the accounts of the Parliamentary Schedules, which, for the sake of convenience, we bring together under the general head of

GENERAL SUMMARY.

Having examined the three divisions of our public finances separately,—namely, the General Revenue, the Crown Revenue, and the Civil List,—let us now bring them all together, and look at their aggregate results.

* Under this head are comprehended the salaries of the Judges and Law Officers, and other expenses of the administration of justice.

Against this large balance of Crown Revenue must be set off the debt created by the issue of debentures, the total amount of which we cannot just now ascertain. The debt created last year was £57,500.

LAW INTELLIGENCE.

SUPREME COURT.—FRIDAY.

BEFORE His Honor Mr. Justice DICKINSON, and a Jury of four.

SKILLICORN *v.* RYAN.

This was an action of trespass for assault and false imprisonment. The defendant pleaded not guilty by statute (14 Vic. No. 41. s. 157.)

Mr. BROADHURST appeared for the plaintiff, Mr. Holroyd for the defendant.

From the evidence on behalf of the plaintiff it appeared that on the 22nd of February the plaintiff brought a load of poultry to the market which he sold to Wilson, a poulterer. He then called to the defendant, who was clerk of the market, and asked him what was owing him for dues. Defendant said there was owing for two or three loads. Plaintiff paid defendant two shillings and the former went away. Shortly afterwards he returned, when some squabbling took place, and plaintiff charged defendant with extortion. Defendent took the two shillings out of his pocket and threw them down on Wilson's counter, saying, as he went away, that he would summon him. Five days afterwards (on the 27th February) he took the plaintiff in custody, and marched him off to the receiving watch-house, where, in the course of an hour, he was admitted to bail. This was the assault and false imprisonment complained of. The next day the case was heard before Mr. Dowling and Alderman Thurlow, and the plaintiff was ordered to pay the two shillings, which he did, and was then discharged. For the defendant it was shown that he was a special constable, as well as clerk of the market, and that he had acted under the powers conferred upon him by the 151st section of the 14th Vict. No. 41. It was also contended by the defendant's counsel, that the defendant was protected by the 157th section of the same Act, as there had been no direct proof of corruption or malice proved against the defendant.

His HONOR, in summing up, told the Jury, that the first question for their consideration was, did the defendant arrest the plaintiff? and, secondly, if he did so, can the defendant justify that arrest? The 38th section of the by-laws of the Corporation applies not to persons who bring goods from the country for sale, but to the retailer who disposes of the goods in the market. Wilson was the person who ought to have paid the fees due, and not the plaintiff. The officer had no right, therefore, to demand the fees from the plaintiff. It is shown that defendant acted as a peace-officer on one occasion, and that is sufficient to show that he was a constable. Then, was the defendant actuated by corruption or malice? If the defendant acted without corruption or malice, he would be entitled to a verdict. If with corruption or malice, the plaintiff must recover, with moderate damages, as compensation for the injuries and indignity which he has sustained. Then as to malice. The plaintiff charged the defendant with extortion. The defendant threw the two shillings down which he had received from plaintiff, and said, "I will see whether you shall pay it or not;" and he had him apprehended. Did the defendant, in doing so, act in the execution of the duty of his office? If he thought he was acting in the execution of his duty, he is protected by the 157th section, unless there be direct proof of corruption or malice. Did the defendant drag the plaintiff before the magistrates because he was charged with extortion? or did he apprehend him believing that he was entitled to recover the fees? If the defendant had reason to think that he was acting in the execution of his duty or office, he would be protected under the provision of the Act, unless it were shown that he acted corruptly or maliciously.

The Jury, without retiring, found a verdict for the plaintiff. Damages £20.

Attorney for the plaintiff, Mr. Redman; for the defendant, Mr. G. R. Nichols.

NEW MAGISTRATE.

Magnus M'Leod, Esq., was sworn in as a Magistrate of the territory of New South Wales.

In the Supreme Court of New South Wales.
Monday, the 16th day of June, 1851.

Bailiffs for Summonses, Sup. 17 and 14.

1. The General Rule No. 12, of the 21st June, 1850, is hereby repealed, it having been found impracticable to obtain competent persons to act as bailiffs for summonses at the places mentioned in that rule.

Extent of charge for Mileage.

2. After the 1st day of July next, no bailiff shall be compellable to go more than fifty miles from his own residence for the service of any process; nor shall more than one hundred miles of mileage be allowed for, in taxing costs, in any case without the order of a Judge.

Rule amended,

3. The General Rule respecting the examination of witnesses, (No. 3, of the 7th August, 1850,) shall be amended, by substituting the word "Summons" for the word "Order," whenever it occurs in that rule.

ALFRED STEPHEN, C.J.
J. N. DICKINSON.

INSOLVENT COURT.

NEW INSOLVENT.

LACHLAN MACALISTER, of Clifton, gentleman. Liabilities admitted, £11,432 11s. 10d.; disputed, £4700: total, £16,132 10s. 10d. Assets—Value of landed property, £1200; of personal property, £8555 19s. 4d.; outstanding debts, £153: total, £9908 19s. 4d. Amount of deficiency, £6223 10s. 6d.

MEETING TO-DAY.

In the estate of Acton Sillitoe, an adjourned certificate meeting, at 11 o'clock.

[ADVERTISEMENT.]

The following memo was appended to insolvent's schedule:—I am compelled to petition for the sequestration of my estate, in consequence of Messrs. William Walker and Co. proceeding in an action at law against me, to recover three or four thousand pounds more than I believe to be due to them. About 1845, there was an arrangement entered into between me and that firm, whereby it was agreed that I should pay them £3700, by three equal yearly instalments, without interest. Since then I have paid on account of that sum £2760 4s. 4d., but no application was ever made to me for payment of the balance, until the month of October, 1850, when I was informed that, as I had made default in payment of the instalment, W. W. and Co. would not abide by the settlement made in 1845, but would insist upon their claim upon some outstanding promissory notes, which were given in the years 1839, 1840, and 1841. I have frequently offered to pay the balance with interest, from the time default was made; and if that were accepted, I could make arrangements for paying all my other creditors twenty shillings in the pound, within a few years. I believe the £3700 which I agreed to pay to W. Walker and Co., was sufficient to pay all just claims they had against me, together with interest up to the date of the settlement. W. Walker and Co. are the only creditors pressing for payment.—L. MACALISTER.—Sydney, June 20, 1851,

MULTUM IN PARVO.

(From late Australasian Papers.)

SEVERAL burglaries have recently been committed in Melbourne.—A public meeting was held in Melbourne last week, for the purpose of forming a Milling and Baking Company.—Mr. J. W. Willis (formerly one of the Judges of the Supreme Court), has succeeded to a large property left to him by a relative of his first wife.—The Legislative Council of Van Diemen's Land was adjourned for a month, some of the members being compelled to leave town on private business.—Mr. William Kerr was elected Town Clerk of Melbourne by a majority of fourteen to two. The reported discovery of gold in the Plenty Ranges appears to be discredited in Melbourne.—A reward of £200 has been offered for the discovery of a gold field within two hundred miles of Melbourne.—The following resolution was passed by the Melbourne Council of the Anti-Transportation League—"That this Council having great confidence in the judgment, zeal, and ability of the Rev. J. West, and considering the very laudable and great efforts which he had made to promote the discontinuance of transportation to the Australian colonies, are of opinion if that remain an open question after the present session of the British Parliament, that it would be highly desirable that he should be appointed a delegate for the whole of these colonies, to proceed to England to aid in effectually abolishing transportation to these colonies."

ABSTRACT OF SALES BY AUCTION THIS DAY.

MR. G. PICKERING.—At his Rooms, at 11 o'clock, Furniture, Oil Cloth Covers, Horse-hair Sofa, Cheese, Hand Saws, Shoe Brushes, Eau de Cologne, Blue Cloth Caps, Frock Coats, Moleskin Coats, Black Hats, Merino Shirts, Ladies' Shoes, Clothing, Books, &c., &c.

MR. STEWART.—At the Horse Bazaar, 208, Pitt-street, at 11 o'clock, Horses, Carts, Dog Cart, Gigs, &c.

MR. H. D. COCKBURN.—At his Mart, No. 1, Park-street, at 11 o'clock, Harness, Cab, Bedsteads, Tables, Chairs, Washing-stands, Safes, Book-cases, Sideboards, Sofas, Cot, Crockery, Kitchen Utensils, Clocks, Watches, Blacking, Coats, Wearing Apparel, Tents, and Sundries.

THE QUEEN'S ACCESSION.—Her Most Gracious Majesty Queen Victoria yesterday entered upon the fifteenth year of her reign, having ascended the throne on the death of her uncle, King William IV., on the 20th June, 1837, royal salutes were fired from Her Majesty's ship Havannah and the Fort Phillip battery, in honour of the day.

STEALING.—Some time in the course of Wednesday night, a new jib sail, valued at 44s. was stolen from a boat belonging to one James Ross, lying at the Market Wharf.

DEGRAVES' WAREHOUSES.—The following notice appears in yesterday's *Government Gazette*:—"Custom House, Melbourne, 22nd May.—Notice is hereby given, that the above mentioned warehouses, situated in Queen-street, are appointed, with the approval of His Excellency the Governor, for the free warehousing and securing of goods therein, under the 62nd section of the Act of Council, 9th Victoria, No. 15, intituled, 'An Act to provide for the General Regulation of the Customs in New South Wales.' JAMES H. N. CASSELL, Collector."

MAITLAND TOWN PROPERTY.—Mr. Dodds sold on Thursday last Mr. Busby's land by the Long Bridge, West Maitland, at the following prices per foot frontage, lots 1 to 10 fronting High-street, and some of them having slab cottages on them:—Lot 1 at £4 15s., 2 (fronting the occupation road) at £2 2s., 3 at £3, 4 at £2 3s., 5 at £1 12s., 6 at £1 3s. 6d., 7 at 17s., 8 at 15s., 9 at 12s., and 10 at 11s.; the remaining lots, 11 to 23, sold at from 3s. to 5s. per foot frontage. The land sold comprised 8 acres, 2 roods, and the total amount was £1203 11s. 3d.—*Maitland Mercury.*

THE SEARCH FOR GOLD.—Specimens of supposed golden promise continue to be forwarded to Maitland by discoverers, and on Monday two very promising looking specimens were sent in, one from Singleton, having been brought from the interior, and one guessed to be from the Upper William or the Manning. Neither unfortunately will stand the tests applied, the Singleton specimen being pronounced to be sulphuret of iron.—*Maitland Mercury.*

M'LEAY RIVER.—Mr. William Duffey has been appointed keeper of the public pound at the M'Leay River, in the place of William Woods, removed, being of unsound mind

WELLINGTON.—Mr. William Rhodes has been appointed bailiff of the Small Debts Court for the district of Wellington.

CONVEYANCE OF GOLD.—A notice appears in yesterday's *Government Gazette* inviting persons who are willing to provide for the conveyance, in a suitable vehicle, and under the direction of the Government, of Gold and Gold Dust from the Ophir Diggings to Sydney, to forward sealed tenders to the Colonial Secretary's Office, until noon of Monday, the 30th instant, endorsed "Tender for Conveyance of Gold."

CONVEYANCE OF MAILS.—Conveyance being required for the Post Office mails, from and to the undermentioned places, for six months, commencing 1st July, 1851, persons disposed to contract for providing the same are invited to transmit their offers in writing to the Colonial Secretary's Office, before 12 o'clock on Monday, the 30th instant, endorsed, "Tenders for the conveyance of mails." From and to Bathurst and Summerhill Creek, three times a week. The conditions of the contract will be the same as those published in the notice inserted in the *Government Gazette* of 20th August last.—*Yesterday's Government Gazette.*

COLONIAL APPOINTMENT.—The Rev. Herbert Biney, fellow and tutor of Worcester College, Oxford, is appointed Bishop of Nova Scotia; W. Dougal Christie, Esq., Consul-General at the Mosquito Shore, is appointed Secretary of Legation in Switzerland. The Counsel-General-ship at Mosquito will probably be abolished. Mr. Aiken, a resident merchant at that port, is appointed Her Britannic Majesty's Consul at San Francisco, California.—*Observer.*

EXPEDITION IN SEARCH OF DR. LEICHHARDT.—Mr. Mitchell, Commissioner of Crown Lands, who is now in the Maranoa District, has been offered, and has accepted, the conduct of the party which the local government are about to despatch in search of Dr. Leichhardt, and his companions.

THE PLENTY GOLD FIELD.—Messrs. Sturt and White, who had been ordered by the Government to examine the Plenty Ranges, said to contain large fields of gold, returned to town yesterday morning. Equipped with every thing necessary to aid them in their search, they proceeded at once to the Plenty, dived into its gullies, waded through its streams, and climbed up its ranges even to the top of Mount Disappointment (appropriate name), digging, washing, picking, grubbing, and sifting the earth, washing the sand, smashing the rocks—and everything that came in their way for two whole days, but did not discover one grain of gold, or find any indication that the precious metal was there at all, or ever had been; the country, in fact, was utterly destitute of those auriferous indications, which prevail at the Bathurst diggings and at California. To make their search complete, they followed the very track of Mr. F. Stephen's vehicle, but without success, and met nearly one hundred persons on the same errand, but with the same ill luck; not one of them had caught sight of a single spangle of *the* yellow metal, although mica was picked up in abundance.—*Melbourne Herald.*

QUARTER SESSIONS.—Yesterday's *Government Gazette* contains the several forms contained in the schedules to two Acts of Parliament (11 and 12 Victoria, cap. 42 and 43,) adopted by an Act of the Governor and Legislative Council of the colony of New South Wales, (14 Victoria, No. 43,) which were settled at the General Quarter Sessions of the Peace, holden at Sydney, in and for the colony, on Friday, the 13th June instant, for the purpose of adapting the same to the circumstances and condition of this colony, as provided by the 7th section of the said Act of Council.

ILLEGALLY ON PREMISES.—A man of colour on Thursday obtruded himself on the premises at St. Mary's, Hyde Park, and annoyed some of the clergymen there in such a manner that they were under the necessity of sending for a policeman. He was yesterday treated by Mr. Dowling to fourteen days' imprisonment with hard labour, as a rogue and vagabond. William Johnson was sent to gaol for a month, to be kept to hard labour, for having been convicted of being on the premises of a person named Taylor, for an unlawful purpose.

POLICE ACT.—Several convictions took place under this Act yesterday. Patrick Murphy, for having indecently exposed his person in George-street, was sentenced to pay a penalty of £5, or in default to be imprisoned for one week. Edward Gignal, James Russell, and John Davis, for riding on their drays, were each sentenced to pay 10s., with 2s. 6d. costs. John Bailey, convicted of resisting a constable in the execution of his duty, paid a penalty of 20s., with 2s. 6d. costs. Several persons were convicted of allowing cows to stray on the Race-course, and fined 5s., with costs.

THE BUILDING ACT.—On Alderman Egan taking his seat on the bench yesterday, the case of Golden *v.* Smart was called on. His worship said, that having both looked into the Act of Council, and inspected what Mr. Golden described as the fourth building, for inspecting which he claimed a fee of £2 2s., he was decidedly of opinion that it was a demand which Mr. Smart had no right to pay. His judgment therefore was, that the defendant pay the sum of £6 6s. (to which Mr. Golden in his evidence said Mr. Smart did not object) in respect of the three buildings; as without doubt Mr. Smart would have paid this sum on demand, he would not allow more than 5s. instead of the usual sum of 15s. 6d. for costs. Mr. Golden is doubtless a very zealous officer of the Corporation, but this being at least the second time that Mr. Golden has been told from the Bench that he sought to obtain more than his due, he would be none the less efficient were he to allow his discretion to keep pace with his zeal. The "building" in dispute is just a roof thrown against a wall, and supported in front by three or four uprights. If this were held to be a "building," every person who thought proper to put up a verandah in front of his residence, would be liable to pay the City building Surveyor a couple of guineas for inspecting it. It is almost as foolish an attempt as that made some two years ago, to make Mr. Fuchs pay a building fee for a piece of tarpaulin thrown over some joists in a back yard to shade his workmen from the heat of the sun.

THE VACANT COLONELCIES.—It is said now beyond question that Major-General D'Aguilar, C.B., will be removed from the 58th, and appointed to the 23d Fusileers. The 58th goes to Major-General Wynyard, now in Australia, and Major-General Auchmuty, now in India, gets the 65th Foot. Major-General Wynyard served with the army in Sicily from 1808 to March, 1810, when he was severely wounded at the attack on Santa Maura, for which he subsequently obtained the Brevet rank of Major; he was also present and on the staff with the force that occupied Ischia and Procida. Major-General Auchmuty served several years in the West Indies, and was present at the storming of Morne Fortune, St. Lucia. In 1809, he accompanied the Second Battalion Royal Fusiliers to Portugal, and was present at Oporto and Talavera as Major of Brigade to Sir Alexander Campbell; and at the battle of Busaco, the retreat of the army to and subsequent advance from the lines of Torres Vedras, and battle of Fuentes d'Onor, as Deputy Assistant Adjutant General to the sixth division. On return to the Peninsula from sick leave he was appointed extra Aide-de-Camp to Sir Lowry Cole, and was in action with the fourth division at Vittoria and the Pyrenees; at the latter was promoted to the Brevet rank of Major. Succeeding soon afterwards to the Regimental Majority, he commanded the Light Companies of Major-General Ross's Brigade, and served with them at Orthes and Toulouse, —at the latter place was promoted Brevet Lieutenant-Colonel. He has received the Gold Medal and one clasp for the battles of Orthes and Toulouse, and the silver War Medal with five Clasps for the other battles.—*United Service Gazette.*

COMMERCIAL INTELLIGENCE.

OUR community is at present as depressed as it was excited at the first intimation of the gold discoveries. The buyers in the market are very few, but importers have not hitherto evinced an anxiety to effect sales at lower rates than they have been obtaining. In Sugars and Teas there are no sales, but no appearance of decline. Flour has been submitted at a lower rate than 25s; with heavy parcels of flour here, and more expected, a further decline must be submitted to ere any speculation takes place; eventually, when present stocks are cleared off or taken for speculation, a considerable advance may be expected. We must look for only a very limited supply from the southward, and from Valpariso, though several vessels have been sent for flour, very few will bring any back.

PRODUCE CIRCULARS.

The transactions in produce during the past week have been of a very limited extent. In prices we have no alteration to notice, excepting as regards Hides, for which very full rates have been given.

The dullness in commercial affairs has continued since our last report, notwithstanding the generally good accounts from the gold fields.

Freights and exchange remain as heretofore.

MORT AND BROWN.

Circular Quay, June 20.

MORT AND BROWN'S PRODUCE SALE, JUNE 19.—Wool: F (handwashed skin), 6 bales at 12d; ELI (skin), 2 at 11½d, (pieces and locks) 4 at 11½d; RFS, 2 at 13½d; BKW (broken fleece), 2 at 11½d; DL, 1 at 13d, (clippings) 1 at 10½d; CC (washed clippings), 2 at 11½d; F (mixed), 1 at 6d; C (skin and wool), 1 at 4d. Sheepskins: 750 at 4½d, 508 at 4d. 9 bundles at 5½d. Beef Tallow: G&F, "Gorrick and Fleming," 26 casks at 29l 5s. Mutton Tallow: AW, [illegible] casks at 29l; OB over X, 2 at 29l. Salted Hides: 60 at 7s 6d, 317 at 8s 6d, 182 at 7s 9d, 72 at 8s.

PRODUCE CIRCULAR.

Our market for wool, sheepskins, and hides, continues very steady. Lower freights being submitted to during the week for tallow, a corresponding rise in price of from 5s. to 10s. per ton may be quoted. Wool: RLJ (mixed) 1 bale at 10d; M (fleece and locks) 1 at 11½d; R 3 at 15d; P 2 at 15d; J in diamond, 5 at 15d; WB, 6 at 15½d; SW, (skin) 2 at 6d; H, (skin) 1 at 10d; JS, 9 at 15½d; SS, 1 at 16½d; B, 1 at 12d; JB, 5 at 13½d and 6 at 15½d. SYDNEY MARKETS.—FRIDAY.

THE MILLS.—At Messrs. Barker and Co.'s mills a good supply of colonial has been offered during the week, the greater part of which came by the road, and was purchased at from 7s 6d to 9s 6d, according to the quality of the sample. Flour has fallen 2l. per ton, present quotations being 25l. for fine, and 22l. for second quality, per ton of 2000lbs. Bran, 1s to 1s 2d per bushel. Mr. Brielliat's mill—The supply of wheat from the interior continues to fall off, no large parcels having been offered for sale during the week. There is, however, no disposition to purchase, except at reduced rates, the highest price for the best wheat being 8s 6d to 9s per bushel. Holders of imported wheat are storing for higher prices, but the quantity in the market is very small. A further decline has taken place in flour, owing to heavy importations, fine being now 25l. and seconds 23l per ton. Bran, 1s to 1s 3d per bushel.—Mr. Smart's Mill: Wheat, 8s to 9s per bushel, very little arrived; Flour—fine, 25l per 2000 lbs and 23l for second quality; Bran, 5l for 2000 lbs.

MAIZE.—3s 6d to 4s.

OATS.—4s to 4s 3d

BARLEY.—English, for malting, 4s 6d; Cape, 4s 3d

POTATOES.—Best Van Diemen's Land are selling at 6l per ton; New Zealand, 3l to 3l 10s; and Colonial are almost unsaleable, while the stocks imported remain on hand.

BISCUIT.—At Wilkie's Bakery, the prices are as follows:—Cabin, 36s; pilot, 31s; and ship, 3?s per cwt.

FORAGE.—But a moderate quantity of hay has arrived to market during the week, but most of the dealers having supplied themselves from the previous extensive arrivals, many of the sellers have had to submit to a serious reduction in price, many loads having gone at so low a figure as 2l 5s per ton, while we have not heard of anything above 4l having been given. Straw is scarce, and commands from 2l to 2l 10s. Green food 6d per bundle, wholesale.

GEORGE STREET MARKETS.—Fowls 2s to 3s 3d, ducks 3s 6d to 4s, geese 5s to 6s, turkeys 7s to 9s, wild ducks 2s to 3s, pigeons 10d to 1s, per couple. Roasting pigs 2s 6d to 3s each. Butter 8d to 10d, cheese 5d to 6d, bacon 5d to 6d, lard 5d to 6d, per lb. Eggs 10d to 1s per dozen. Potatoes 4l to 4l 10s, onions 20l, per ton. Cabbages 1s to 2s 6d, cauliflowers 1s to 3s, lettuces 2s 6d to 3s, turnips 6d to 1s, parsley 3d, celery 2s to 3s, leeks 6d, parsnips 2s, carrots 1s 6d, pumpkins 3s to 6s, per dozen or dozen bunches, as the case may be. Green peas 2s 9d, French beans 1s 6d, per peck. Oranges 3d to 9d, lemons 3d to 4d, citrons 6d to 8d, pears 6d to 2s, apples 1s to 1s 6d. Rio fruit pumpkins 2s 6d to 4s, guavas 3d to 4d, bananas 1s 4d, per dozen. Loquats 7s to 8s per basket.

CATTLE, &C., FOR SLAUGHTER.—Good cattle continue to be very scarce; sheep have been better supplied this week, but by no means in excess of the demand. For both descriptions of stock, in good condition, there is a remunerating market, which is likely to continue. The state of the market may be gathered from a few quotations of actual transactions during the week: a lot of eighty five cattle were sold at two prices, averaging 38s all round; 112 at two prices, averaging 40s. per head; 106 at 40s per head; 130 at 42s; 80 at two prices averaging 45s; 159 ditto, averaging 54s; and 110 at 50s per head. A lot of 400 sheep were sold at 7s; 1200 at 7s 6d; 400 at 7s 9d; 100 at 9s; and 1500 for delivery in a few days at 10s per head. Calves are to be bought at all prices from 10s each, really good ones being worth 24s to 25s; lambs 6s to 7s. Pigs are in demand; large fat pigs fetching from 2d to 3d, and small shop pigs 4½d per lb.

BUTCHERS' MEAT.—The carcase butchers supply beef and mutton at 1½d for best, and 1d for second quality.

HORSES.—The horse market during the past week has suffered a reaction, consequent upon the numerous return parties from the diggings. Cart horses, which a month since readily bought 30l, are now barely saleable. Unbroken and poor horses are quite unsaleable, and Messrs. Armstrong and Burt's horse sales during the week number 23 head, namely, 1 at 11l 1s, 3 at 3l, 4 at 3l, 2 at 4l, 2 at 6l, 1 at 7l, 2 at 8l, 3 at 10l, 1 at 9l, 1 at 11l, 1 at 12l, 2 at 13l. Mr. Stewart has sold 35 horses since last report, viz., a mare by "Vasa," at 20l, "Moss Rose" at 40l, several fillies at 9s to 40s, and saddle and harness horses at from 3l to 14l.

NEWS FROM THE INTERIOR.

(From our Correspondents.)

WOLLONGONG.

JUNE 19.—In the *Sydney Morning Herald* of the 29th ultimo will be found a circular letter, of date May 15, 1851, addressed by command of His Excellency the Governor to the respective benches of magistrates throughout the colony, calling their attention to the duties devolving upon them, and upon the persons acting under them, in carrying out the provisions of the Electoral Act of 1851.

The second paragraph in this article states "If in any police district there shall be no chief constable, or if there be any impediment, or expected impediment, to his acting as collector, it will be the duty of the magistrates in Petty Sessions to appoint some other person to be and act as collector in his stead." On referring to the Electoral Act of 1851, with reference to the above paragraph, we find that there is no fixed time specified for the appointment by the magistrates of a collector; the 12th section having this proviso—"Provided, that if there be no chief constable of any such police district, or if there be no clerk of Petty Sessions for any such district, or if there be any impediment to any such chief constable, or clerk of Petty Sessions, acting in the performance of any of the said duties, the magistrate at some Court of Petty Sessions held in and for such district shall and may appoint persons to act in the capacity of such collector or clerk of Petty Sessions, for the purposes of this Act." It must be confessed that the language here quoted is sufficiently vague. The *magistrates* are to appoint, at *some* Court of Petty Sessions, held in and for such district. How is the term "Magistrate" to be construed and understood? Does it mean the whole, or the majority, or two, of the magistrates of a district? It is to be regretted that the Act, in this respect, is not more explicit. There is, however, one thing clear enough from the construction of the Act: that, in the event of there being any impediment to the chief constable acting as collector, it never could have been contemplated that the duties of the office should be entrusted to an ordinary constable. We recollect that a short time since the office of collector for taking the census was sought after with avidity by some of our more respectable inhabitants; and surely it cannot, with any show of reason, be said that the duty of collecting the electoral list is less important; on the contrary, it requires superior intelligence, matured judgment, an intimate local knowledge of the district, and strict integrity in the discharge of its onerous and important duties; for be it recollected that the collectors of electoral lists are invested with a very large *discretion* in the exercise of their duties, and from ignorance, incapacity, or worse, may cause much trouble, expense, and annoyance, that otherwise might be avoided. It has so happened that our District is placed in that position indicated in the second paragraph of the Governor's instructions as above quoted—previously to the 1st of June the Chief Constable had resigned, and a successor not having arrived, the duty devolved on the magistrates of appointing a collector in his stead; but how was that duty performed? not on the usual Bench day, (Monday), not by consultation with other magistrates, but on a Thursday, Dr. Alick Osborne was seen driving through the town with the Dapto Constable in his gig, where, meeting with another magistrate, he informed him, that he (Dr. Osborne) had appointed the constable collector of the Electoral List for the district, requesting him, as in legal form, to sign his name to the appointment, which was accordingly done at the Police-Office, and the Dapto constable at once assumed the responsible office of collector of the Electoral List for the police district of Wollongong. We learn that two of the magistrates, on being subsequently made aware of this procedure, were so indignant, that they instructed the clerk of the bench to call a general meeting of the magistrates for Monday last, to take this very grave matter into consideration. There met accordingly a tolerable muster on that day—Messrs. Henry Osborne, Alick Osborne, Gerard Gerard, C. T. Smith, W. D. Meares, and William Sheaffe. Mr. Shoobert, one of the magistrates at whose instance the meeting was called, was unavoidably absent in Sydney. After disposing of a few trifling police cases, Mr. Henry Osborne, as Chairman of the Bench, ordered the Court to be cleared, preparatory, we presume, to their taking into consideration the business for which they were called together. Considering the position that Mr. Henry Osborne occupies as a candidate for the representation of the District, and that the appointment of Constable M'Crohan as Collector of the Electoral List was virtually made by his brother Dr. Alick, it did appear to us rather in bad taste that the candidate should have appeared so prominently in the matter, and should close the doors, of what ought to be the Temple of Justice, against the public, in a matter too in which they are so immediately concerned. It is not difficult to guess the result of this *secret* meeting. We are informed that nothing was done in the matter of the appointment; that the constable still remains collector; that having accepted office, and made the usual declaration, it was presumed that the Government would recognise, or had recognised, the appointment as a legal one. It may be that the constable will perform his duties satisfactorily; yet if he were as intelligent and fitting as any other in the community, we hold the principle and the *manner* of such appointments to be radically, if not legally, wrong.

A numerous meeting of settlers was held at Mr. Robert Osborne's inn, on Monday last, respecting certain extra charges lately made by Sydney commission agents who do business for the Illawarra people, the principal cause of complaint being one shilling for the collection of each butter keg from the dealers. Some sharp resolutions were passed, condemnatory of the new "extra," and a very general disposition was evinced to support new hands from the district in preference to the old, it is to be hoped that for their own advantage, in common with that of their constituents, the agents will dock off for the future this offensive extra, and be content with their legitimate commission of five per cent.

The weather has been, as usual, very favourable, though for the last week the mornings and nights are somewhat chill and frosty. On Tuesday and Tuesday night of last week it rained heavily and incessantly, on last Tuesday night it blew a furious gale from the westward, and this morning (Thursday) it blows still sharp in squalls from the same quarter.

GOULBURN.

POLICE COURT, JUNE 17.—After the list of drunkards was disposed of, a man named Francis Horton, holding a ticket-of-leave, was brought before the Bench; our chief constable having suspicions respecting his mode of living, stated the following facts relative to Horton, viz.: original sentence, seven years; subsequently, was sentenced to ten years, at Norfolk Island; afterwards, five years at Cockatoo; he came to this colony on the 4th of April last; shortly after there was a most daring dray robbery near the town, and he was suspected; since then he has been in the hospital on charity, and since he came out has been sculking about and drinking, and when the constables were taking a bad drunken woman to the watch-house, he very officiously interfered, and offered money to liberate her. This flash display being rather unaccountable, and exhibiting itself so soon after the robbery of Mr. Jacobs' store, induced our chief constable to have suspicion respecting his being concerned in it. Evidence of his interfering with the constables in the discharge of their duty, and also as to his not having any visible means of support, his ticket-of-leave was cancelled. Goulburn will by this means get rid of as complete a rogue as ever appeared in its streets. Committals: It will be remembered that in a recent communication from this place, we stated that the store of Mr. S. Jacobs, situated in Auburn-street, had been broken into, and a considerable quantity of silk handkerchiefs, shawls, and tobacco stolen, our chief constable having got a clue to the *locale* where different parts of the stolen property were to be found, sent for Mr. Jacobs on Saturday evening last, when they, with constable Enright, visited two places, and succeeded in both instances in recovering both silk handkerchiefs and shawls, the former in pieces, all agreeing with the property stolen, and identified by Mr. Jacobs as his property. One of the places was the house of one Marshall, a cabinet-maker, the other a small shop kept by a barber named Lawton, where one of the shawls was openly exposed for sale, a silk handkerchief was found concealed between two cloths lying under a mattress on a couch, on which Mrs. Lawton was sitting, when the chief constable went into the premises; her husband having gone to the diggings, and she being the only person in charge, was taken into custody. When received into the lock-up, she, as far as decency would permit, was searched by John Passmore, the lock-up-keeper, and suspecting she had more of the property about her person, she having previously denied the impeachment, on being threatened with a farther search, she requested Passmore to go on one side, which he did, she let a bundle of soft goods drop from under her clothes, which she picked up and gave to Passmore; the said bundle contained a shawl, a piece of black silk about four yards, a black silk handkerchief and a coloured silk handkerchief; on examining the black piece of silk, Mr. Jacobs said that a handkerchief had been cut off, he could distinguish the cutting from his. The articles taken from the woman were valued at £2 10s. These circumstances were fully detailed at the Police Office, and this day she was committed to take her trial at the Quarter Sessions this week. She had the assistance of Mr. H. Walsh during her examination, who applied for bail, which was granted in two sureties of £25 each. The case against Marshall was also disposed of in a similar manner. It appeared from the evidence of the chief constable, that when he went with Jacobs to his premises to execute a search warrant, that he was convinced on entering the house that his scent was in the right direction, for on reading the search warrant, Marshall entered into some conversation with his wife, which convinced him "all was wrong," the search being made, there was found in a box in the bed-room a quantity of soft goods, such as were stolen from Mr. Jacobs, viz., silk handkerchiefs in pieces, and also shawls; Mr. Jacobs at once identified them as his property, there was one article in the box which on examining he gave back to the chief constable as not being his, and which was there and then given up to Marshall; Mr. Jacobs valued The articles found in the prisoner's possession at £8 10s. He was committed to take his trial at the Quarter Sessions on the 19th instant. Mr. H. Walsh, who appeared for him, applied for bail, which was granted, herself in £50, and two sureties in £25 each. We need hardly say that there is a general satisfaction in the minds of all the right thinking inhabitants of the town that so much of this daring burglary has so soon come to light; it is to be hoped that the actual perpetrators thereof will be speedily brought to justice; the parties as stated in the foregoing were committed for receiving stolen property, knowing the same to have been stolen.—One Thomas Houston was charged with stealing a spade, the property of Mr. Joseph Jones, of Queanbeyan. Mr. Jones stated that he had sent a dray load of property to Goulburn, on Friday, the 16th instant, with one George Heywood; he also despatched Thomas Houston, another servant, to Goulburn on he following day, on horseback, with instructions to keep company with the dray formerly started, to come up with the dray at or near George Gay, on Sunday; left the horse he rode, and took the leading horse from the team, rode back to his master, stating, that the horses were knocked up, who, believing him, gave him an order on Mr. William Gulze of Gunderoo to give him two fresh horses; but in addition to this he also obtained two carts at different places, hired one Maynor in Mr. Jones' name, and proceeded to the Lake (George) where the dray was camped and ordered Heywood to be off, or he would use violence towards him, and then removed the things from the dray to the two carts; Houston had been to the Collector Inn and gave Mr. Poidvien an order to get a spade, when the carts came on, which spade was Mr. Jones' property. The Court was adjourned till next day, 18th June, when Houston was committed to take his trial at the Quarter Session, which meet to-morrow. Last Thursday evening, a young lad named Simpson was apprehended by the night (private) watchman, who saw him running out of Mr. D. Davis' yard, with a bundle; on being interrogated as to the contents of the bundle, he said it contained cabbages; on being brought to Mr. Mandleson's, and the contents of the bundle searched, it contained a bag belonging to Mr. Mandleson; when he was given in charge. Our Chief Constable considered the propriety of visiting the hut occupied by the youth, and which was close at hand, he being at this time in Mr. Sinclair's employ; Mr. M'Alister was accompanied by one or two other persons. The ostler of Mr. Mandleson having had a watch stolen a few days since, went also, when he discovered it in the hut; Simpson had, on the previous day, offered to sell the watch. He was committed to take his trial, both for stealing the bag and the watch. He is supposed to be an import from Van Diemen's Land.

IDENTIFICATION.—PIRACY OF THE HELEN, OF HOBART TOWN.—Mr. Commissioner Young, alias Montgomery, alias Swainson, (whose exploits at Maneroo, here, and on the way to Sydney, were duly chronicled in the pages of this journal,) was fully identified in our gaol by one of the men (Giles) who were pressed to assist in navigating the Helen when she was seized at Simon's Bay. In order to insure a complete identification, all the male prisoners in the gaol were ranked up, and Giles imme-

diately pointed out the above worthy as the leader in the piratical seizing of the above vessel, about four or five months ago. As a matter of course, Montgomery did not know the man, never saw him before, &c.; but Giles is as positive. When Montgomery has stood his trial for the charge of horse stealing for which he is now incarcerated, in all probability he will be forwarded to Hobart Town, to be dealt with there for the share he took in the piracy case just mentioned.

DRAY ROBBERY.—A few days ago, a dray on its way to Gundagai was robbed between Goulburn and Gunning, by two armed men, who bailed up the man in charge. These two desperadoes break out about once a month, in the same locality. It is high time something was done to economise their liberty.

GOLD AT THE CROOKWELL.—According to the expectation of Mr. F. Oakes, as expressed in our last communication, gold has been found at the Crookwell; twenty-two small pieces were obtained by washing. About one hundred pieces have since been found, and forwarded to Sydney. We believe it has not been found in anything like such quantities as to pay for the labour required to obtain it; but Mr. Oakes, and those engaged with him, deserve the best thanks of the whole community for their exertions in endeavouring to develope the resources of this district; by his exertions the existence of gold has been put beyond a doubt. In connexion with this subject a letter has been received by Dr. Waugh, (chairman of the meeting held for the purpose of raising a sum to reward the first discoverer of gold in the district of Goulburn), from a person named George Edwards, who states that eight years ago he picked up some pebbles in the bed of the Fish River, with what appeared to be gold intermixed, at a place called the Dead Man's Creek, near Gunning, which on being shown to a jeweller, he declared that the metal in connexion with the pebbles was gold. A party is forming to go out in that locality on Saturday or Monday last. One of Major Lockyer's sons brought in a quantity of yellow glittering metal, supposed to be gold; but on being subjected to the test, was found to be iron pyrites.

BERRIMA.

JUNE 18.—AGRICULTURAL SOCIETY.—A highly respectable meeting was this day held at the Queen Victoria Inn, for the purpose of adopting the rules and regulations for the management of the Society, and fixing the periods on which the annual exhibition of produce, &c., and ploughing match should take place. It was finally resolved that the first ploughing match should take place on the 24th February next, and the exhibition on the 26th of the same month. Mr. Rowe submitted a list of prizes to be given at the exhibition; and should it at all come up to the expectation of the committee, there can be no doubt but that very great benefits must result to the inhabitants generally, as nothing that has hitherto been proposed could so greatly tend to promote a kindly and social feeling amongst all classes of people as this institution. The meeting was presided over by Captain Nicholson, J.P., who has rendered every assistance towards furthering the undertaking.

THE ROAD.—At the conclusion of the foregoing business, the meeting again called Captain Nicholson, J.P., to the chair, for the purpose of taking into consideration the present state of the road through the district of Berrima. Mr. G. T. Rowe moved, "that the committee, Messrs. H. M. Oxley, W. J. Cordeaux, and J. J. Higgins, appointed some time since at a public meeting to act on behalf of the inhabitants, in superintending the repairs to be made on the Great South Road, be requested to bring under the notice of his Excellency the dreadful state of the road, and to request that funds may be placed at their disposal to effect the necessary repairs forthwith." The resolution was seconded by Mr. John Morrice, and spoken to by almost every gentleman present; in the course of the discussion allusion was made to a letter in the *Herald* of the 14th instant, suggesting that the mail should travel by the proposed line of road from Cutter's Inn to Bong Bong. In order to show the extent to which parties are disposed to go to carry out their desires, it was stated by several gentlemen, that so far from the general traffic of the southern country going by this line, that at present the whole of the Wingecarribbee Flat have become so rotten from the late rains, that it is almost impossible for any vehicle to go over them in safety; and as a proof of the truth of this statement, Mr. Oxley mentioned that on last Sunday the carriage of Mrs. Gibson, of Tarana, near Goulburn, in attempting to cross the Flats, got imbedded in the mud and broke down, in consequence of which Mrs. Gibson was detained at Wingecarribbee until Tuesday last, before she was enabled to proceed on her journey. It was admitted that the Cut-away Hill was in a dreadful state, but it was contended that had due attention been paid to the roads by those on whom the duty devolved, there would not have been such grounds of complaint, nor such urgent necessity for troubling the Government at this particular season.

ORIGINAL CORRESPONDENCE.

BY WHOM AND WHERE WAS THE GOLD DISCOVERED?

To the Editors of the Sydney Morning Herald.

GENTLEMEN,—As bearing on this question, I present you with the following extract from the *Dublin University Magazine* for January, 1851 page 101, foot note.

"Geological science informs us that some of the mountain ranges in Australia belong to the class generally found to be auriferous; and almost ere the announcement is uttered, news come from that distant region that gold has actually been found there, though we cannot as yet say to what extent."

Count back from January last, and you will find that gold (as alluded to above) was discovered not later than this time last year. But by whom?

Now, there are three sorts of discoverers—the accidental, the scientific, and the economico-practical. The accidental, such as old M'Gregor, released the other day from gaol for debt, may be considered to have no merit at all. The geological, such as the Rev. W. B. Clarke, has a rare intellectual merit, the reward of which is praise. The practical, such as Mr. Hargrave's, is not devoid of a portion of the same species of merit, though not of so high an order, and its appropriate reward has been awarded him in a substantial shape

PALMAM QUI, &c.

To the Editors of the Sydney Morning Herald.

GENTLEMEN,—The monotony that has prevailed for the last fourteen days in this district has been interrupted by the return of a great number of the infatuated gold seekers—who, a short time since were seized with a mania for gold hunting at the land of Ophir; some of whom, after proceeding as far as Summer-hill Creek, and working hard for four days, became disgusted with their ill success and returned; others only went as far as Bathurst, and from accounts given by their friends, were induced to return to their families and homes, bemoaning their ill luck. The reports given by the majority go to show that the accounts given of the gold field, and the success attending the seekers of gold, are not to be in every case depended upon. One party, consisting of five young men, well equipped with all the necessary tools for the digging and supplies for three months, were at work four days, and got, in all, two shillings' worth of gold. One of the party, a respectable young man, and one who may be depended on, informed me that there are 4000 people at the diggings, and that not one in four hundred is successful, that the Commissioner does not enforce payment of the license fee, that his party took the fee, 30s. with them, but that it was not demanded, and that the Commissioner, in most cases, goes to the diggers, and says, "Well Jack, you have got no gold, and cannot pay the license;" while, in other cases, he arranges that at the end of the month they shall pay 60s. in lieu of paying all the amount in advance, as per Government order. The stench arising from Summer-hill Creek, in consequence of all the filth draining into it, is becoming intolerable, and that the water acts as a purgative on both man and beast. Others of the parties say that the nuggetts we hear of as being found, is gold after having undergone the operation of smelting, and then said to be found by various parties. One tale told at the mines, of a man who found a piece of gold about an ounce weight, and during the day after passing about twelve miles down the Creek, it accumulated to two and a half pounds weight. The man's name is Bryan, but, unfortunately for him, it only realized the worth of an ounce of gold. One of those who returned (an old soldier) said that the road to Bathurst reminded him of a retreating army, having left the dead beasts and broken carriages behind. They all agree in stating that goods are far cheaper at the mines than at Bathurst or Sydney Flour is to be bought of those returning, at 15s. per 100 lbs.; sugar, 1½d.; tea, 10d., and tools for a mere song: one man sold his cradle in Bathurst for 2s., and biscuit that he gave 50s. for in Sydney, for 15s. Such is the account given by those who have returned, and they protest against those parties who have been the means, through the exaggerated statements made, of inducing so many to enter upon so wild a speculation, and they consider it has been the policy of those persons who have sales to effect to keep up the excitement, in order that they might carry out their purposes, for at this time tons of goods are on the road, and also deposited at Bathurst, in anticipation of a good market. In Saturday's *Herald*, we have an account of the distress that prevails in Sydney, and of fathers and husbands having left their homes and families in a state of destitution.

Is it not the part of a parental Government to prevent as far as possible such a state of things, this might have been done by the Government on the outset, by preventing all parties from trespassing by digging for gold; and now that gold is found in other localities besides Summerhill Creek, it is to be hoped that prompt measures will be taken by the Government to prevent a similar rush as has been made to Bathurst; this may be done by the Government taking the diggings to itself, or letting them to private individuals, to work under stringent rules to be observed and carried out. As regards allowing persons to work under a license, by thus paying a fee, it appears that in the case of the Summerhill Creek that it is not carried out, for we have it by the accounts that full 4000 persons are there, and that only 450 of them have paid the fee, and in most cases the amount is not demanded. The Government order is, that the license shall be paid in advance, the public pays the Commissioner for the proper performance of these duties, and they have a right to expect them to be done. The plan that has been adopted has a tendency to encourage that wild speculation by allowing a month's credit, and in many cases not demanding the fee at all is a sort of bonus to persons wishing to try their hands.

I am, gentlemen,
Yours, respectfully,
ISAAC SHEPPARD.

Kissing Point, June 18.

To the Editors of the Sydney Morning Herald.

GENTLEMEN,—Having seen in your issue of to-day, in the case of Golden v. Smart, for building fees, the following remark - "That any kind of erection surmounted by a roof was a fourth class building, within the meaning of the Act," which you state was made use of by me; I beg leave to inform you that I made no such remark. The words I mentioned were, "that a building erected on story posts might be from a first to a sixth class building, according to the use or situation." For a first class building see Building Act, second section of the 8th Wm. IV., No. 6; for a sixth class, see second section of the 2nd Victoria, No. 25; and by the forty-second section of the 8th Wm. IV., No. 6, story posts are allowed in lieu of external walls to any building on the ground story only. The building in question is decidedly a fourth class one, for which I consider I was legally entitled to the sum of two pounds two shillings, in accordance with the 56th section of the 8th Wm. IV., No. 6. I beg leave most particularly to refer you to the eleventh section of the 2nd Victoria, No. 25, which makes it imperative on the Surveyor to charge a fee on stables. The building in question was erected for a stable, and is at present used as such, and is not at the distance from any other building that would constitute it either a fifth or sixth rate building. Craving your indulgence for trespassing to such a length in the columns of your paper,

I remain, gentlemen, yours, &c.,
MICHAEL GOLDEN,
Surveyor of the City of Sydney.

Friday, June 20.

[There is no mis-statement whatever in the report; Mr. Golden is not the best judge of what he *said*, though he may better than any one else understand what he *meant* to say.]

EMPLOYERS' CIRCULAR.

NOW that the excitement caused by the gold mania has in some degree subsided, labour is diverging into its legitimate channels; a reaction has taken place; the arrival of the Emperor, with emigrants, the hourly return of disappointed miners, and the rise which has taken place in provisions, have assisted to supply that superabundance of superior labour with which our market is so fully stocked.

The duration of this excess it is impossible to define; employers *generally*, and those *especially* who require *shepherds, labourers, sheep washers, and shearers*, should at once avail themselves thereof, and communicate their instructions; or make their selections in person from the numerous applicants in daily attendance.

J. FREDERICK JOHNSON,

ORANGE.

TO BE LET by private contract, for such term of years as may be agreed upon,

SMALL FARMS of five acres and upwards, situated at, and adjoining the township of Orange, adjacent to the public road, and distant from the Ophir gold field 13 miles.

The district of Orange is well adapted for agricultural purposes, and seldom fails in producing above an average crop. Orange is well situated, well watered, and in a very progressive state.

Buildings are being erected, the principal of which is a National School; the present, therefore, affords an opportunity to small settlers and to those miners who have families, rarely to be met with.

There is an abundance of timber at hand calculated for building and other purposes.

For further particulars apply personally, if by letter, prepaid, to
MR. J. MOULDER,
11764 Bloofield, Orange.

BULLADELA.

TO BE LET, with possession on 1st July, 1851, 060 Acres near Bulladela, and the junction of the Crawford and Myall Rivers, and at the head of the navigation of the latter, commanding an extensive back run between the mountain ranges and the right bank of the river, as well as a large tract of land on the left bank, including five sections of land rented from the Government at the rate of ten shillings per section, under the regulations of 29th March, 1848. The run is peculiarly adapted for horses and cattle, and capable of carrying at least 100 of the former and 700 of the latter. The homestead, which is ready for immediate occupation, consists of a slab cottage with four rooms, detached kitchen, three-stall stable, a small garden, with a paling fence, and other convenient appurtenances. There is also a four-railed and capped stock-yard, with three draughting yards, covered milking bails, with calf-pens, two four-railed and capped stallion paddocks, fourteen rod square each, with boxes attached, a cleared paddock of rich brush land of about 12 acres, which has been under cultivation. The homestead is surrounded by a three-railed fence paddock, and there is also about 1000 rods of fencing on the boundaries. The fences were put up about five years ago, and the present tenant is bound to leave them in tenantable condition. From the excellence of the run for fattening cattle, and the convenience of shipping, this would be found an admirable situation for a salting or boiling-down establishment. This property is situated about 45 miles from Raymond Terrace, and 22 from Stroud. Application to be made to Mr. PEARSE, Jun., at present residing on the premises; or to WILLIAM MACPHERSON, Esq., Macquarie-street, Sydney. 11631

DESIRABLE INVESTMENT FOR A SMALL CAPITALIST.

IN three Houses (not quite finished), situate in Brougham-street, Woolloomooloo, having a frontage to the Bay of 54 feet; and when completed would form as compact and pretty a little property as any in the neighbourhood of Sydney.

MR GEORGE A. LLOYD has received instructions from the Mortgagees, to sell by auction at the City Mart, 474, George-street, on WEDNESDAY, the 25th of June, at 12 o'clock, precisely,

All that desirable freehold portion of Land, situate in Brougham-street, Woolloomooloo, having a frontage to the waters of the Bay, of 54 feet. And upon which are in course of erection, three well-designed four-roomed Verandah Cottages, with detached kitchens, yards, outhouses, &c., of that class now so much in demand, and which, when completed, would doubtless readily let for £35 per annum, each.

The Auctioneer may be allowed to suggest to to small capitalists, that *now is the time*, if they would wish to invest their money advantageously, for with the great stream of emigration which must now come pouring in from all parts of the world, rents—and consequently landed property—must inevitably rise to a great extent.

Inventory of materials, unfixed work, and Surveyor's valuation of the whole, can be seen upon application at the Offices of the Auctioneer, from whom all further particulars can be obtained.

TITLE UNEXCEPTIONABLE. Valuable Waterside Property at Johnstone's Bay, Balmain, adjoining the Steamers Wharf, also fronting TERNEN and DARLING STREETS, being part of the Mount Holloway Estate, with the capital stone-built Premises and Out Buildings thereon, known as the BURNBANK HOTEL, occupied by Mr. WILLIAM ROBERTS, at the low rental of £1 per week.

MR. SAMUEL LYONS will sell by auction, at his Mart, on MONDAY, June 30, at 11 o'clock, precisely, (previous to the sale of the PRINTING TYPES, PRESSES, &c.),

THE REVERSIONARY INTEREST of Mr. WILLIAM TERNEN in the above land and premises, subject to Mrs. TERNEN's life interest therein, now aged about 63 years.

THE MEASUREMENT OF THE SPLENDID WATERSIDE PROPERTY, here offered to public notice, is about one acre, having very considerable frontage to Johnstone's Bay, alongside the Steamers' Wharf, with 146 feet 6 inches frontage to Darling-street, by 281 feet more or less depth, and a frontage to Ternen-street far exceeding 281 feet.

The substantial dwelling-house, out offices, and stabling thereon, is well known as MOUNT HOLLOWAY HOUSE, or ST. PATRICK'S INN, though now occupied by Mr. William Roberts as THE BURNBANK HOTEL. It contains four public rooms, three bed-rooms, bar-room, kitchen, pantry, with excellent cellarage, and a pump with never failing supply of pure water, at the end of the house, and is well adapted from its contiguity to the STEAM WHARF to command a first-rate business.

The property forms part of 3 acres, 1 rood, 19 perches of land, at Balmain (being portion of W. Balmain's grant), conveyed by J. B. Gilchrist to William Ternen, deceased, and is the portion of land devised to Mrs. Ternen, for life, with remainder to William Ternen, jun., under the will of the said William Ternen, deceased, according to a plan annexed thereto; being described thus—

"All that piece or parcel of land situate at Balmain, parish of Petersham, county of Cumberland, in the colony of New South Wales, commencing at a stake in Johnstone's Bay, at the south-east corner of Mary Ann Ternen's (now Marshall's) allotment; being bounded towards the West by that allotment, being a line bearing north-westerly 281 feet, more or less, to Darling-street; towards the North by the south side of that street, being a line bearing easterly 146½ feet, more or less, to Ternen-street (which is fifteen feet in width); towards the East, by that street to the waters of Johnstone's Bay; and towards the South by the waters of that bay to the commencing point. Such piece or parcel of land being part or parcel of lot No. 20, according to the original subdivision of the Balmain estate into allotments."

☞ This property should attract the notice of parties who may be desirous of possessing FIRST-RATE WATERSIDE PREMISES. Its position, adjoining the Steam Packet Wharf, is such as to make it invaluable. In fact, it cannot now be surpassed in Balmain, whilst its future value cannot be estimated without difficulty, so great are the improvements going forward in its vicinity.

Terms—25 per cent. cash deposit on the fall of the hammer; the residue within fourteen days of the day of sale.

A plan on view at the Auctioneer's rooms.

CHURCH AND SCHOOL ESTATES.
Leases for seven, fourteen, and twenty-one years.

ON SATURDAY, the 28th June next, the following Lands belonging to the Church and School Estates will be put up to public auction, at the Land Sales Room, Court of Requests, at 11 A.M. precisely.

The following is the plan upon which these lands will be offered for public competition.

A lease will be granted for 21 years, the tenant having the option to determine it at the expiration of the first or second term of seven years. The rental of the second and third terms will be successively increased by half the amount of the annual rent of the first term, viz., in the following ratio, 4, 6, 8.

The lease will not contain any clause to prevent underletting, but the under-tenants will in no way be recognised by the Government; and the original lessee, unless a transfer be formally executed by the Agent, will be held responsible for the due payment of the rent.

The usual reservation as to making roads, constructing bridges, &c., will be introduced; but the reservation will not extend to timber, which the tenant will be allowed to cut.

The rent for the first year must be paid on the day of sale; after which period the rent will be payable in advance, yearly, when the annual rent is below thirty pounds, and half-yearly when the rent is not less than that sum.

Any lands not bid for at the day of sale will be open to selection by private contract at the upset price. Lithographed plans and further particulars may be obtained on application to the Agent.

Leases to date from 1st July, 1851.
